

The senior production scheduler supervises production scheduling activities and is responsible for:

- Resolving complex processing schedules
- Resolving more difficult problems associated with batch jobs and job output
- Reviewing and evaluating production job software for organizational requirements

Approximate number of training hours - 277

This Learning Plan represents an industry standard education plan for this job role. Please note that the equivalent job role at your organization may use different software applications or require greater or lesser levels of expertise in any area. Please check our site regularly to see what new or updated courses have been added to this plan!

- Interskill e-Learning Courses
- Interskill Skills Assessments
- Indicates that courses on similar products are available, and can be substituted

Note: Interskill e-Learning Courses cover all the main topics tested in the Assessments. Prior to completing each Assessment it is recommended that you obtain additional practical experience, or on-the-job training in the areas relevant to the Assessment topic.
